

Product description

Color Name:Ivory

Ceiling fans have always been India's go-to solution to beat the heat. As a cost-effective air circulator system, modern high speed ceiling fans not only help to keep your home cool and breezy, but can also add style to your room. Crompton's range of ceiling fans offer the right balance of aesthetics and utility, and help to make sure that you stay cool, no matter what the weather. With easily adjustable speeds, Crompton's range offers an option to fit any kind of aesthetic setting.
